Black Cowboy Wild Horses

Bob Lemmons is famous for his ability to track wild horses. He rides his horse, Warrior, picks up the trail of mustangs, then runs with them day and night until they accept his presence. Bob and Warrior must then challenge the stallion for leadership of the wild herd. A victorious Bob leads the mustangs across the wide plains and for one last spectacular run before guiding them into the corral. Bob's job is done, but he dreams of galloping with Warrior forever to where the sky and land meet. This splendid collaboration by an award-winning team captures the beauty and harshness of the frontier, a boundless arena for the struggle between freedom and survival. Based on accounts of Bob Lemmons, a former slave, Black Cowboy, Wild Horses has been rewritten as a picture book by Julius Lester from his story "The Man Who Was a Horse" in Long Journey Home, first published by Dial in 1972.

[Thompson-Hernández's portrayal of Compton's black cowboys broadens our perception of Compton's young black residents, and connects the Compton Cowboys to the historical legacy of African Americans in the west. An eye-opening, moving book.] Margot Lee Shetterly, New York Times bestselling author of Hidden Figures A rising New York Times reporter tells the compelling story of The Compton Cowboys, a group of African-American men and women who defy stereotypes and continue the proud, centuries-old tradition of black cowboys in the heart of one of America's most notorious cities. In Compton, California, ten black riders on horseback cut an unusual profile, their cowboy hats tilted against the hot Los Angeles sun. They are the Compton Cowboys, their small ranch one of the very last in a formerly semirural area of the city that has been home to African-American horse riders for decades. To most people, Compton is known only as the home of rap greats NWA and Kendrick Lamar, hyped in the media for its seemingly intractable gang violence. But in 1988 Mayisha Akbar founded The Compton Jr. Posse to provide local youth with a safe alternative to the streets, one that connected them with the rich legacy of black cowboys in American culture. From Mayisha's youth organization came the Cowboys of today: black men and women from Compton for whom the ranch and the horses provide camaraderie, respite from violence, healing from trauma, and recovery from incarceration. The Cowboys include Randy, Mayisha's nephew, faced with the daunting task of remaking the Cowboys for a new generation; Anthony, former drug dealer and inmate, now a family man and mentor, Keiara, a single mother pursuing her dream of winning a national rodeo championship, and a tight clan of twentysomethings--Kenneth, Keenan, Charles, and Tre--for whom horses bring the freedom, protection, and status that often elude the young black men of Compton. The Compton Cowboys is a story about trauma and transformation, race and identity, compassion, and ultimately, belonging. Walter Thompson-Hernández paints a unique and unexpected portrait of this city, pushing back against stereotypes to reveal an urban community in all its complexity, tragedy, and triumph. The Compton Cowboys is illustrated with 10-15 photographs.

A biography of the Black cowboy whose skill with horses was renowned and whose curiosity led him to discover important archaeological relics

ONE OF USA TODAY'S **!20 SUMMER BOOKS YOU WONT WANT TO MISS!** In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation!and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Mastin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. Horse Crazy is a fascinating, funny, and moving love letter to these graceful animals and the people who like her/are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer, George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down trains as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, Horse Crazy is an unforgettable blend of beautifully written memoir and first-rate reporting.

Retells the life of the legendary African American hero who raced against a steam drill to cut through a mountain.

A street-smart tale about a displaced teen who learns to defend what's right—the Cowboy Way. When Cole's mom dumps him in the mean streets of Philadelphia to live with the dad he's never met, the last thing Cole expects to see is a horse. Let alone a stable full of them. He may not know much about cowboys, but what he knows for sure is that cowboys aren't black, and they don't live in the inner city. But in his dad's hood, horses are a way of life, and soon Cole's days of skipping school and getting in trouble in Detroit have been replaced by shoveling muck and trying not to get stomped on. At first, all Cole can think about is how to ditch these ghetto cowboys and get home. But when the City threatens to shut down the stables—and take away the horse Cole has come to think of as his own—he knows that it's time to step up and fight back. Inspired by the little-known urban riders of Philly and Brooklyn, this compelling tale of latter -day cowboy justice champions a world where your friends always have your back, especially when the chips are down.

Nobody could capture the Phantom. She was the wildest mare on Assateague Island. They said she was like the wind, that the white [map] on her shoulders was her mark of freedom. Paul and Maureen Beebe had their hearts set on owning her. They were itching to buy and tame her, and worked hard to earn the money that she would cost. But the roundup men had tried to capture her and for two years she had escaped them.... Pony Penning Day holds a surprise for everyone, for Paul not only brings in the Phantom, but her newborn colt as well. Can Paul and Maureen possibly earn enough to buy them both?
