formative test, consolidation and extension lessons and a summative unit test * Reflection (metacognition) is explicitly encouraged to build perseverance and confidence * STEM and Finance lessons highlight these important links to using maths in real life * Reasoning and Problem-solving are nurtured in preparation for progressing to GCSE

Maths Progress International has been designed specifically for international students and provides seamless progression to Pearson Edexcel International GCSE Maths (9-1), as well as complete coverage of the Pearson Edexcel iLowerSecondary Award and the UK Curriculum objectives. This Student Book follows a unique mastery approach that aims to nurture confidence, build fluency, improve problem-solving skills and develop mathematical reasoning to fully prepare students for the transition to Key Stage 4 and beyond. Developed to build the skills and knowledge needed to progress to International GCSE 9-1 Mathematics for a consistent learning experience from 11-16. Designed with the international student in mind with appropriate cultural sensitivity, international contexts and written for EAL learners. Follows a mastery approach and unique unit structure that has been shown to help to build confidence in mathematics. Matched to the iLower Secondary curriculum and the UK curriculum objectives so you can be sure you have all you need whatever curriculum you are following.
