In Sacred Rice: An Ethnography of Identity, Environment, and Development in West Africa, anthropologist Joanna Davidson presents a nuanced and in many ways classically holistic ethnography of rice production and the way this key crop ripples meaningfully through all aspects of West African Jola society. Rice is much more than a major food crop for the Jola of Guinea-Bissau: it is also the key idiom and central metaphor through which they express and negotiate household, community, gender ...

~~Sacred Rice: An Ethnography of Identity, Environment, and~~

This dissertation is an ethnographic study of the Menil Collection, a formerly private art collection in Houston, Texas opened to the public in 1987 as a museum designed by Renzo Piano. It addresses the collection as an object, and as a technology of self-fashioning, but also, in the context of modern museums, as an instrument in the formation of a public.
